

TVARA FIBER CONNECTOR HOUSING – 2U LOADED

The compact 2U design helps save valuable rack space while allowing efficient utilization of the cabinet. The sliding design provides quick and easy access during installation and maintenance activities. It also ensures better cable management, resulting in an organized and neat rack setup. The design supports future network growth by allowing easy expansion and scalability. Proper cable management further reduces cable strain and minimizes the possibility of cable damage, thereby improving overall system reliability and maintenance efficiency.

PRODUCT FEATURES

- Constructed of high-quality cold rolled closed annealed steel (CRCA) with electrostatically applied powder coat.
- Available in Black.
- Sliding panel fits in U of rack space and can be mounted on 19' racks.
- Smooth sliding tray ensures ease of installation, reconfiguration and better operating environment during fiber management.
- Loaded with splice tray.
- Rear access for incoming and outgoing backbone cables.
- Available in unloaded type panels or loaded panels with multimode and single mode adapters – 48F with SC type adapters and 96F with LC type adapters and pigtails
- Faster troubleshooting and changes.

PRODUCT SPECIFICATION - PIGTAIL

- Fiber Type -G.567A2.
- Insertion Loss - Single mode ($\leq 0.3\text{dB}$),
- Return Loss – Single mode ($\text{PC} \geq 50\text{dB}$), (IEC-61300-3-6).
- Minimum Bending radius installation $>20\text{D}$: Operation $>10\text{D}$, (IEC-60794-1-2).
- Matting Test – 500 cycles on both sides ($\Delta 0.2\text{dB}$), (IEC 61300-2-2).
- Standard Lengths: 1.5M

BILL OF MATERIAL

Item No	Description	Part No	UoM	Qty
1	KG nuts	KNG M6x20	Nos	4
2	Splice protection sleeve	SPS-45-2.5	Nos	50
3	Cable tie	CT100	Nos	10
4	SMH Lug	SMH-AL	Nos	2
5	Tissue Paper 10 pulls	-	Nos	1
6	PG Gland 21(min 11mm to 13mm Cable) (max 18mm to 19mm Cable)	Black - PG 21	Nos	2
